

5/21/17

Dear Scholarship Donor,

I would like to state the fact; you have helped me beyond measure and I am more than honored to be selected as the recipient of the Nordonia Hills Garden Club Award. A simple thank you could not be enough for your generous gift. It is because of your generosity, my dream of becoming a Biomedical Engineer will no longer be a dream, but become a reality.

I will progress forward and use this Nordonia Hills Garden Club scholarship in the funding of my studies at Akron's' University of Engineering. Instead of worrying about problems from the financial aspect, I will be focusing my efforts on how I could make that boy smile again.

I can assure you that you have made no better choice than the individual Walid Abuhashim; I will give all what it takes to expand on your efforts of making the world today, better than it was yesterday. So by the end of it all – I like you- will have helped people, and unleashed ground breaking research in physical health issues.

Once again your generous donation will not go in vain; rather it will lead to a successful research-thank you.

Sincerely

A handwritten signature in black ink, appearing to read "Walid Abuhashim". The signature is written in a cursive style with a long horizontal flourish at the end.
